

## **Points to note when our products are not used for a long time**

**Rechargeable batteries are installed inside our products.**

**If you do not use the main unit for more than 3-6 months, please fully charge to maintain battery quality.**

**Be sure to recharge once every 3 months.**

**If you do not charge for 3-6 months or more, the battery may deteriorate even if it is not in use and it may become unusable.**

**As mentioned above, please be aware of it.**
